## **Established Environmental Services Company Announces Plans to Open an Office in Hibbing's North Industrial Park**

*RMB Environmental Laboratories will bring non-mining careers to the Iron Range with room for growth in the future*

**Detroit Lakes, Minnesota (March 6, 2019)** – RMB Environmental Laboratories, Inc, a Minnesota-based privately-owned analytical laboratory announced today the establishment of its' newest office in Hibbing, Minnesota.

[RMB Environmental Laboratories](#) provides an array of environmental services including state-certified analytical testing, on-site monitoring, consulting and data-management. The new Hibbing location located in the North Industrial Park area of Hibbing sits at 1111 7<sup>th</sup> Avenue East. The location is the site of a former manufacturing facility, purchased by the City of Hibbing through financing from the Iron Range Resources and Rehabilitation for purposes of leasing the facility to RMB with intentions of stimulating and enhancing the local economy.

“The welcome we received from the City of Hibbing was instrumental in our decision to locate our newest expanded service facility in Hibbing MN, helping us further share our 24 years of experience to the region.” said Bob Borash, President of [RMB](#). “There will be work processed at this facility from not only the Iron Range, but from multiple states.”

With the new office, comes the immediate creation of nine professional careers in the industry, with the expected addition of six to eight more positions in the next year. Borash said that he hopes local businesses turn to his company for their environmental testing needs.

“We are excited to be a part of the Hibbing community and to work with the great people of the Iron Range,” said Borash. “We are excited to further invest in this area of our state and to help do our part to stimulate economical development in the area.”

Hibbing Mayor Rick Cannata said he is excited by the prospect of a company like RMB putting down roots in the city.

“It’s great to have a new business like this coming into Hibbing,” said Cannata. “RMB is going to diversify our economy and I think it is a great partnership for our city and our workforce.”
